ABOUT ME

Motivated Computer Science student with a strong interest in mobile application development. I have hands-on experience in Android development, Hybrid Mobile Development and enjoy building Mobile applications and practical projects. I am seeking an internship to further develop my skills and gain real-world experience in software development.

EDUCATION

Bachelor of Computer Science

Computer University (Mandalay)

2022-2026

LANGUAGES

- BURMESE
- ENGLISH

SKILLS

- Microsoft Related Work
- Creative Thinking
- Strategic Thinking
- Problem Solving
- Communication Skills

PROGRAMMING SKILLS

MAIN

- Kotlin
- Dart

OTHERS

- Java
- Html, Css, Js

EXPERIENCE

From the 1st to 3rd year, I worked on multiple web application projects using HTML, CSS, JavaScript, PHP, Java, and C#. In the 4th year, second semester, I developed a mobile application as part of the Object-Oriented Design and Development (OODD) course using Kotlin. Throughout all projects, I consistently served as the team leader, responsible for task coordination and team management.

ACTIVITIES

University Project Competition. 2023

This project show competition was my first experience participating in such an event. At that time, I competed using a simple static website built with HTML and CSS. Through this experience, I gained valuable skills in teamwork and communication.

University Project Competition. 2025

Participated as an Organizer in the 2025 Project Show Competition, contributing to event coordination, team collaboration, and overall management of activities.
