ABOUT ME

I am a motivated Computer Science student with strong knowledge in programming, particularly in Object-Oriented Programming (OOP). I have experience in Android and Hybrid Mobile Development (Flutter) through academic coursework and personal projects, and I enjoy building mobile applications and practical solutions. I am actively seeking an internship opportunity to gain industry exposure, contribute to a development team, and further enhance my expertise in mobile application development.

EDUCATION

Bachelor of Computer Science

University of Computer Studies (Mandalay)

2022-2026

LANGUAGES

- BURMESE
- ENGLISH

SKILLS

- Microsoft Related Work
- Creative Thinking
- Strategic Thinking
- Problem Solving
- Communication Skills

PROGRAMMING SKILLS

- Java
- Kotlin
- Dart

EXPERIENCE

From the 1st to 3rd year, I worked on multiple web application projects using HTML, CSS, JavaScript, PHP, Java, and C#. In the 4th year, second semester, I developed a mobile application as part of the Object-Oriented Design and Development (OODD) course using Kotlin. Throughout all projects, I consistently served as the team leader, responsible for task coordination and team management.

ACTIVITIES

University Project Competition. 2023

This project show competition was my first experience participating in such an event. At that time, I competed using a simple static website built with HTML and CSS. Through this experience, I gained valuable skills in teamwork and communication.

University Project Competition. 2025

Participated as an Organizer in the 2025 Project Show Competition, contributing to event coordination, team collaboration, and overall management of activities.
